Open: Monday-Friday: 7-5
&
Saturday: 8-12

C. Bean Transport Inc. would like to thank you all for being such wonderful customers. Summer is here and we are getting ready for the 2015-2016 heating season. We send out this newsletter to inform you about some of the things we do here at C. Bean Transport Inc. to try to help you get the best service that we can offer.

At C. Bean Transport Inc. we want to give you the best service and price that we can. We offer many discounts and also if you like to set up a plan to fit your budget, we would be more than happy to do that. All you have to do is call the office and our friendly staff will help you. If you are interested in having the price locked in for the heating season, we have Pre-buy available from May 1st-October 1st. **TO FIND OUT OUR PRE-BUY PRICE CALL THE OFFICE.**

We would like also to remind you that we do not invoice out unless you specify that you would like to be. Our drivers leave a yellow ticket at your house and that's what you can pay your bill off of. For insurance purposes we need to make sure when drivers are making the delivery that it's safe to do so. For example, if your tank doesn't have a whistle or if the tank is unstable, we will not be able to deliver. If you already know that you don't have a whistle or that your tank is not in good condition you can call the office and we have information that may help you to fix the problem.

Our drivers would like to say a big **THANK YOU** to the customers who shoveled a path to your fill pipes. They really appreciated it. Shoveling a path or shoveling out your fill pipes makes it easier for our drivers to make the delivery. If you are a call customer, during our 5th season, which is mud season, if you could please plan accordingly for your oil deliveries it would be greatly appreciated. The trucks are very heavy for the back roads and we do not want them to get stuck or create more ruts in the roads.

We want to serve you in the best possible way, but we are sorry to say that if you have not paid for your last delivery we will not be able to deliver. If you have made arrangements to make payments on your balance, there will be no discounts available until your balance is paid. If you have any questions please call the office and we would be glad to help you with anything you need. A couple years ago we lowered our minimum delivery to 50 gallons. In order for us to deliver the 50 gallons it has to be on our automatic delivery route.

A notice for our Vermont customers: As of July 1, 2014 the State of Vermont has mandated that your heating oil be 500 PPM sulfur content. We will be delivering off-road diesel which is 15 PPM, this is a much cleaner product. For Vermont in 2018 it will be mandated to be 15 PPM.

To our Tank Guard customers, we would like to remind you that if you did the Tank Guard last year we will automatically put it in unless you tell us otherwise.

We here at C. Bean Transport Inc. would like to thank you again for getting your fuel from your local oil company and it's a pleasure to serve you.

Sincerely,
C. Bean Transport Inc.
